Anyone interested in sponsoring our skating club to help cut the cost of ice fees please contact an executive.

Parent volunteers will be required to help supervise our preteen dances and help with our Carnival. Extra help is greatly appreciated and makes for a fun and successful skating season. Having these pre-teen dances with parent volunteers helping, helps keep our skating fees lower.

Some executives are no longer with the club and we have others stepping down from their positions therefore we need parents to help run the skating club. If you can help out, please speak to an executive.

Thank you,
